

Wildlife Ecology

Date: _____ Instructors Name: _____

Describe the difference between wild animals and domestic animals

When we played *Oh Deer!* We used hand symbols to represent the four main parts of habitat. Below is my drawing of someone doing each of the four hand symbols with labels:

Describe what the graph looked like after playing *Oh Deer!* and what change was seen in the graph after a coyote joined the population.

Wildlife Ecology

On our *Biodiversity Hike* I was this animal: _____

As this animal, my needs were:

-
-
-
-

In each box explain why your animal could survive in that habitat or why it could not.

Field / Forest Edge

Hardwood Forest

Pond Clearing

One action humans can make that can lower the biodiversity in a habitat is ...
