

# ARCHERY ENGINEERS

Date \_\_\_\_\_

Instructor's name \_\_\_\_\_

Draw a picture of a bow and arrow and label the different parts.

Three ways that I can stay safe while practicing archery are...

1.

2.

3.

Draw a picture of the proper archery stance.

# ARCHERY ENGINEERS

The variable my group tested was....

---

What factor caused the arrow to have the fastest speeds?

---

Having a fast arrows is important for archers because...

---

---

---

---

If I were to design an arrow built for speed it would look like this:

Three pieces of advice I would give to someone shooting a bow and arrow for the first time are...

1.

2.

3.
